

The Absalom Jones Memorial Stained Glass Window designed by lifetime AECST member Robert C. Moore ©1996.

The design of this window attempts to give recognition to Absalom Jones' strength of character, his unwavering servitude to God, and his towering leadership among associates and followers.

Within the shapes and spaces available in the window's Gothic structure, the above theme has been carried out utilizing two large vertical sections which are side by side, and four small vertical sections across the top. The large panel on the left portrays The Reverend Absalom Jones as priest standing in front of the altar of the first St. Thomas Church. He is facing the congregation and preparing to bestow the Blessing of Peace upon all present. The large panel on the right side uses a setting outside the church. Members of the congregation are shown greeting each other after leaving the building. Clothing styles reflect the period around 1810.

The upper sections afford an opportunity to reflect on Absalom Jones' struggle to gain his freedom which was assisted by his thirst for knowledge through reading. Two open scrolls permit us to read quotations from his own writings. To the right of these scrolls is a grouping of symbols and forms -which refer to the proud cultural heritage of African Americans like Absalom Jones whose ancestors in Africa built great cities, created timeless monuments and art forms, and developed a high level of communal living.

Also included in the upper sections are the shield of The Episcopal Church, the shield of St. Thomas Church, and symbols which indicate Reverend Jones' pioneering achievements in the Order of Masonry. The forms in the upper sections are superimposed over a Kente cloth design entitled Adwinasa. This is a cloth that was viewed as one of top quality and considered the most prestigious of Kente cloths beside those woven especially for Asante Kings. Other Kente cloth designs have been incorporated in the borders which surround the two major sections of the window.

OUR SERVICE STARTS AT 10:00 AM. IF YOU ARE PHYSICALLY UNABLE TO ATTEND, PLEASE JOIN US VIRTUALLY VIA OUR WEBSITE, YOUTUBE, OR FACEBOOK PAGES.

**June 26, 2022, 10:00 AM**

**“WELCOME TO THE MOTHER CHURCH”**

Psalm 100:4

Grace and Peace to you from God on this  
**The Third Sunday of Pentecost Youth Sunday /  
Acolyte Commissioning / Rededication.**

On behalf of the Clergy, Wardens, Vestry, and People of God, welcome to the historic African Episcopal Church of St. Thomas, founded in 1792 as the first Black Episcopal Church in the U.S.A. The first rector of this historic parish, The Rev. Fr. Absalom Jones was also the first Black Episcopal priest in the nation.

Our parish boldly proclaims the reconciling Gospel of Jesus Christ. We are an active, mission-minded, and growing church family. Whomever you are and wherever you may find yourself on your spiritual journey of faith, you are always welcomed at St. Thomas' Church, where we are joyfully and enthusiastically committed to Jesus' message of love, hope, prayer, acceptance, and faith. Today, as you worship in this place, may you experience and feel the presence of the Lord, and may you leave feeling renewed, refreshed, and revived.

Faithfully,  
The Very Rev. Canon Martini Shaw,  
17th Rector and Dean  
of the Schuylkill Deanery

## **GHOST GUNS FACT SHEET**

What is a Ghost Gun?

Ghost guns — untraceable firearms without serial numbers, assembled from components bought online — are increasingly becoming the lethal weapon of easy access

for those legally barred from buying or owning guns around the country. The criminal underground has long relied on stolen weapons with filed-off serial numbers, but ghost guns represent a digital-age upgrade.

**Ghost guns** have flourished because of a loophole in federal regulation: The parts used to build “privately made firearms” are classified as components, not actual guns, which means that online buyers are not required to undergo background checks or register the weapons. that makes them a powerful magnet for those banned from gun ownership, including convicted felons, domestic abusers subject to orders of protection, the mentally ill and children.

**The Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)**’s current interpretation of federal law allows people who can’t legally own a firearm to easily buy the parts for a ghost gun. In less than one hour, these self-made weapons become fully functioning, untraceable firearms. A person can buy the parts and assemble a ghost gun from a kit on the Internet.

### **The Scope of the Problem**

In 2021 NBC News in Philadelphia reported that 1 out of every 10 of all firearms confiscated at crime scenes in Philadelphia were ghost guns. That number is rapidly expanding year by year. Ghost guns are the fastest-growing gun safety problem facing our country.

“The number of “ghost guns” recovered by Philadelphia police during criminal investigations has skyrocketed to 436 through Oct. 4 of this year, more than all the homemade guns seized in the city in 2019 and 2020 combined.”

This epidemic is hitting young people hard. “People aren’t buying regular guns anymore,” said Antoine Towers [quoted in the New York Times], who works for an anti-violence program in Oakland. “Almost all the youngsters are using ghosts.”

### **Needed Legislation**

Closing the ghost gun loophole is vital for Pennsylvania. What we need is a law that would treat ghost guns as traditional firearms

- requiring core components to be engraved with serial numbers,
- imposing background checks, and
- requiring online purchasers to pick up their orders at federally licensed gun shops.

### **A Deadly Loophole – Specs on a Ghost**

Gun Ghost guns pose an elemental question: What makes a gun a gun?

Every semiautomatic weapon consists of two main parts: the movable upper “slide,” which sits on the barrel of a pistol, and the “receiver” or “frame” — the lower part to which almost everything else, including the trigger and magazine, can be attached and made functional after drilling a few holes and filing a groove into an unfinished, factory-produced frame.

Under federal law, any frame or receiver considered 80 percent finished is a functional firearm subject to the same regulations as a fully assembled gun. If it is less than 80 percent finished, it is not subject to the same federal safeguards. Even so, an amateur can make the minor modifications needed to turn it into a working firearm in less than an hour.

## **A FEW QUOTES AND PARAPHRASES ON “VIRTUAL WORSHIP”**

“Virtual and live stream worship have been, and will continue to be, a blessing to the church. However, by no means can it substitute coming and physically receiving the Sacrament of the Holy Eucharist (Communion).”  
(From Fr. Martini Shaw’s Homily on Jan. 16, 2022).

---

“Online Masses and Spiritual Communion do not represent the church. The faithful not gathered to receive the Sacraments is not the church. Jesus’ disciples always lived their relationship with the Lord in Community. They gathered, around the sacrament, at the same table, as a sign of community”. (Pope Francis’ message)

---

“If you are unable to receive the Sacrament, by reasons of extreme sickness or physical disability; or when being present at a celebration is absolutely impossible, it is possible to open yourself to God’s grace and blessing”.  
(Episcopal Church Book of Common Prayer).
